

NONINSTRUCTIONAL OPERATIONS

Food Services

The district supports the philosophy of the National School Lunch Program and shall provide wholesome and nutritious lunches for children in the district's schools. The board authorizes the superintendent to administer the food services program, provided that any decision to enter into a contract with a private food service agency shall require the approval of the board. This program will operate on a self-supporting basis.

Because of the potential liability of the district, the food services program shall not accept donations of food other than as provided in Policy #8210, Surplus Commodities.
